

The Alphawing Sport Metal Sunglasses deliver style, comfort and performance in a premium crafted aviator design.

Premium Craftsmanship

Flawless Optics

Superior Comfort

100% UV Protection

Durability

THE ALPHAWING SPORT METAL SUNGLASSES use a metal alloy frame with stainless steel temples and reinforced hinges to deliver strength in a way that traditional wire-frame aviators cannot. Like all Revision eyewear products, the Alphawing Sport Metal Sunglasses provide 100% UV protection and feature anti-scratch lenses with Revision's hallmark flawless optics.

KEY FEATURES

PREMIUM CRAFTSMANSHIP – Laser etched metal alloy frame and reinforced hinges offer clean lines and a razor thin profile while remaining lightweight and durable

FLAWLESS OPTICS - Lenses are precision manufactured for distortion-free vision; meets ANSI Z80 standards

SUPERIOR COMFORT – No-slip overmolded arms and nose pad provide enhanced comfort for extended use

100% UV PROTECTION - Offers full protection from harmful UV-A-B-C rays

DURABILITY – Metal alloy frame and stainless temples ensure system integrity while tough-coat lenses prevent scratching in the harshest environments
