FRONT MOUNT

The BATLSKIN COBRA FRONT MOUNT is a lightweight, multi-purpose mounting system for the next generation combat helmet. It serves as a universal Night Vision Goggle (NVG) mount in a slim and easy to use design and allows the seamless integration of the Batlskin Visor and Mandible Guards. Tested in a wide range of operational venues, the Batlskin Front Mount delivers class-leading stability for NVG use and the crucial ability to up-armour when needed.

The Front Mount is a key component of the Batlskin Head Protection System, including the Batlskin Cobra P2 Helmet, Liner and Retention System and serves as the attachment point for the Visor and Mandible Guards.

KEY TECHNICAL FEATURES

BALLISTIC PERFORMANCE

- Mounted using supplied ballistic bolts that pass U.S. ACH 9mm FMJ impact tests

WEIGHT

- Weighs only 2.5 oz (70 g) – size Medium

GEOMETRY AND CONSTRUCTION

- Slim, lightweight and snag free design – Can be worn all day, every day
- Reinforced nylon construction with overmolded aluminum NVG plate for strength
- Designed for secure helmet mounting, preventing rotational axis movement
- Uses existing helmet holes – no new drilled holes required

FINISH

- Standard colors with textured surface finish

AVAILABLE SIZES

- Small, Medium, Large and X-Large

BATLSKIN. The ultimate protection from trauma – blunt force, blast and ballistic: B3 Technology™ in a scalable, lightweight package that's fully modular and fully integrated. So you can tailor the system to the mission for peak performance.
