

SenSys ComCentr2 Tactical Headset System

ACCESSORIES

HYGIENE KIT

Includes the following components:

HEADBAND COVER

- Made of Cabretta leather with reinforced polyester textile
- Velcro tabs ensure secure attachment to the headband

EAR CUSHIONS

- Cushion foam provides comfortable fit for long periods of time, even when headset is worn with eyewear
- Cushion geometry designed to fit closely around user's ear

BOOM MICROPHONE FOAM

- Foam clip ensures secure attachment and easy replacement

CARRYING BAG

- Rain rated product designed to keep the headset and accessories dry
- 12L bag is made of durable, water resistant (ePTFE) Gore-tex material
- Seams sealed with waterproof (ePTFE) Gore-tex material tape
- Aqua guard zipper offers moisture protection and an airtight seal
- Two multifunctional attachment panels
- Three interior pockets allow for easy storage of equipment

RAIL ATTACHMENT ADAPTER

- Attaches to earcups using an extendable arm
- Ensures a proper seal by balancing pressure evenly over the ears
- Slides into lower portion of rail and rotates 180° allowing for stowage behind ear

USB CABLE

- Enables plug-and-play with devices and computers
- Capable of withstanding rigorous use in the field
