

STINGERHAWK SPECTACLE

SAWFLY/SAWFLY R3 SPECTACLE

SNOWHAWK COLD WEATHER GOGGLE

DESERT/ASIAN LOCUST GOGGLE

CARRIER LOCUST GOGGLE

WOLFSPIDER GOGGLE

BULLET ANT TACTICAL GOGGLE

1. Optician inserts prescription lenses into Rx Carrier
2. Soldier inserts Rx Carrier into Revision spectacle or goggle
3. Result: Corrected vision behind high-impact protection

A soldier's vision must be accurate in order for them to do their job accurately. Over 30% of soldiers require corrective lenses to improve their eyesight, but wearing traditional eyewear under protective eyewear is not the optimal solution. The Revision Rx Carrier presents a rugged, convenient solution that works.

**REVISION'S RX CARRIER** – Designed to fit Revision's full line of military products, including the Sawfly® Spectacle System, Sawfly® R3 Spectacle System, StingerHawk® Spectacle System, Desert Locust®/Asian Locust/Carrier Locust Goggle Systems, Wolfspider® Goggle System, Bullet Ant® Tactical Goggle System, or the SnowHawk® Cold Weather Goggle System, this is an effective, efficient way to handle vision correction while providing high impact ocular protection.

*Note: Connector piece required for use with goggles.*

#### KEY FEATURES

**RUGGED** – Carrier frame built for strength and durability

**FIELD-OF-VIEW** – Wide field-of-view. Carrier frame color does not distract or inhibit vision

**PRESCRIPTION READY** – Optician inserts personalized prescription lenses. We recommend polycarbonate and other high-impact material for lenses. Accommodates prescriptions up to ±11D

**INTERCHANGEABLE** – One size carrier fits the Sawfly & StingerHawk Spectacles, Desert Locust/Asian Locust/Carrier Locust Goggles, Wolfspider Goggle, Bullet Ant Tactical Goggle & SnowHawk Cold Weather Goggle
