

ShadowStrike™ Cerakote® Kit*

Elite anti-fog ballistic sunglasses built from the ground up to U.S. military protection standards.

SHADOWSTRIKE SUNGLASSES have a sharp, geometrical wraparound design that provides unobstructed field-of-vision and ballistic protection for fast-paced tactical, special ops, and military operations. Angular frames and a tighter curvature give this line a distinctive look while maximizing protection – fitting squarely, securely, and comfortably at all times. With optical-grade, polycarbonate lenses, ShadowStrike sunglasses provide the impact resistance Revision eyewear is known for, exceeding U.S. military eyewear ballistic requirements. ShadowStrike sunglasses feature a novel nosepiece mechanism that makes changing out the dual lenses quick and easy. And, this eyewear provides ultraviolet protection and has Revision's OcuMax® coating, preventing the close-fit sunglasses from fogging in the heat of the mission.

FRAME FITS SEAMLESSLY WITH
VARIOUS HEAD AND COMMS
SYSTEMS (AVAILABLE IN CERAKOTE
