

Military level impact protection

Low profile wrap-around fit

Weightless comfort

Lenses are clear when indoors

or at night and automatically

darken to a sunglass tint when

exposed to sunlight.

Hellfly Photochromic Sunglasses perform double duty: protecting your eyes from unexpected fragments and environmental elements both on the job and off.

FEATURING HIGH IMPACT LENSES, the Hellfly Sunglasses fuse the demand for sleek, comfortable eyewear with unrivaled sunglass-style ballistic protection. Hellfly Sunglasses are now available with Photochromic lenses which automatically darken when exposed to UV rays. The lenses will automatically adjust to light conditions providing a clear lens in low light or overcast environment and a darker solar tint in bright, sunlit conditions. The Hellfly Sunglasses feature perfect optics, wrap-around frames and Revision's commitment to the highest level of quality.

KEY FEATURES

OPTICS DESIGN — 2.2 mm thick lenses made of high impact, optical grade polycarbonate ensure visual clarity

UV PROTECTION — 100% protection from harmful UV-A, UV-B and UV-C rays

WRAP-AROUND — Wrap-around design with wide field-of-view protects from light, wind and unexpected fragments

FIT — Comfortable fit contours to face; overmolded temples keep eyewear in place; adjustable nosepiece for customized fit

DESIGN — Low profile and streamlined ergonomic design provides comfort for all

TOUGH — Durable material resistant to chemicals, moisture and extreme temperatures; lens hard coated for maximum scratch resistance

LIGHTWEIGHT — At 1¼ oz. (35g) Hellfly Sunglasses are lightweight and comfortable

OPTIONAL COLORS — A variety of frame and lens color options available

HELLFLY BALLISTIC SUNGLASSES OFFER EXTREME PROTECTION FOR THOSE WHO PUSH THE LIMITS

- Compliant with ANSI Z87.1 Standard
- Exceeds ANSI Z87.1-2010 impact and optical requirements (excluding polarized)
- Exceeds EN 166 ballistic impact requirements
