

bullet ant[®]
TACTICAL GOGGLE SYSTEM

Guard from wind, dust & debris

Wear over or under helmet

*Protection against unexpected
fragments*

Prescription ready

The Bullet Ant Tactical Goggle with its slim-profile design, provides optimal facial fit, high-impact protection, wide field-of-view, plus helmet and night-vision gear compatibility.

BULLET ANT TACTICAL GOGGLE SYSTEM – Equally comfortable with the strap worn over or under the helmet, the hexo-vents permit maximum ventilation, without any adjustment, for fog-free performance and fine particle filtration. Clear, solar and high-contrast lenses allow for visual clarity in various light conditions.

KEY FEATURES

RESILIENT – Pliable material engineered for facial comfort and durability in any weather condition

HIGH-IMPACT PROTECTION – Shields eyes from unexpected fragments

TOUGH – Resists a wide variety of chemicals, including DEET

CLEAR VISION – Optically correct, non-distorting polycarbonate lenses are scratch/fog resistant; block 100% harmful UV-A, UV-B and UV-C

INTERCHANGEABLE – Lenses can be interchanged for various light conditions

OPTIMAL VIEW – Unobstructed vision, compatible with night-vision gear and binoculars

HEXO-VENTED – Full frame ventilation and air flow minimizes fogging

ADJUSTABLE – Adjustable strapping system is equally comfortable over or under helmet

COMPACT – Slim-profile fits properly with forehead-hugging helmets

PRESCRIPTION READY – Optional Rx insert is also compatible with other Revision spectacles and goggles. Revision offers Rx Carrier fulfillment services.

BULLET ANT TACTICAL GOGGLES: BUILT BATTLE TOUGH, BUT COMFORTABLE

– CE certified in accordance with EN 166, EN 170 and EN 172

– Exceeds ANSI Z87.1-2010

– Exceeds U.S. Military eyewear ballistic impact resistance requirements (MIL-PRF-32432 (GL)), superseding (MIL-DTL-43511, clause 3.5.10)

YOUR VISION IS IMPORTANT – DON'T RISK LOSING IT

Battlefield eye injuries are increasing but over 90% of eye injuries are preventable. On active duty or in training, protective eyewear is a necessity. The Bullet Ant Tactical Goggles protect your eyes and provide a field-of-view that is ideal in all firing positions. Compatible with night-vision gear and binoculars.

GOGGLE FRAMES – COMBAT GRADE

Strong, flexible frames have a non-reflective matte finish that's perfect for military and law enforcement missions. Designed for comfort, Bullet Ant eyewear is equally suitable for short-term tactical use or longer-term wear when on regular patrol.

OPTICAL PERFORMANCE

Revision's Bullet Ant Goggles come with interchangeable lenses made from the best optical-grade polycarbonate. These lenses provide maximum visual clarity without distortion which is critical for target accuracy and peak performance.

ALL LENSES PROVIDE 100% UV-A, UV-B AND UV-C PROTECTION. LENSES INTERCHANGE EASILY WITHOUT ANY TOOLS.

HIGH IMPACT LENSES

CLEAR LENSES –Maximize light transmittance. Use indoors or at night.

SOLAR LENSES –Reduce extreme glare and squinting. Use outdoors in extreme glare and bright conditions.

HIGH-CONTRAST LENSES

YELLOW – Provide crisp definition in low-light conditions. Use during dull, cloudy or hazy conditions.

VERMILLION – Provide excellent color recognition and depth perception. Use in bright & cloudy conditions to reduce glare. Laser and other specialty lenses available by special order.

CONVENIENT STORAGE

Each set comes in a rugged storage case to protect your goggles and extra lenses when not being used.

PATENT NO. US D620,039 S.
